Revolutionary and innovative

We proudly present our new crunch assortment:
Aerated, crispy and innovative!

Give your products the unique crispy effect

Give your yoghurt
the individual note

Decoration highlight for product

Differentiation with
tailor made toppings

Why aerated crunch?

- Increase your profitability by upgrading and refining your existing products to a higher quality and price segment.
- Do not follow market trends – Influence and set new market trends.
- Individuality over and above competitors.
- Upgrade your existing products.
- Give your product the distinction they deserve.

Technical advantages

- „Light“ and crispy effects.
- Pleasant mouth feeling.
- Maximum volume by minimum weight.
- Coatable with fat or compound coatings.
- All our crunches and brittle are available from coarse-grained pieces to powder.

Application

Multifunctional for:
Ice cream, chocolate bars, cakes, biscuits etc.,
as an inclusion or sprinkle.

Proven SuCrest quality:
ideal to coat, as an inclusion, snack or sprinkle.
